

Nimbus Orchard Technologies

Company Handbook, Edition 4.2 (effective 1 March 2026)

1. About the Company

Nimbus Orchard Technologies was founded on 14 June 2017 in Pune, India, by Meera Kulkarni and Daniel Okafor. The company began as a three-person team building scheduling software for orchard cooperatives, which explains the name. Today it develops cloud software for agricultural supply chains and employs 412 people across four offices.

Our mission is to "make every harvest traceable from branch to shelf." We pursue this through three values: **Rooted** (we make long-term commitments to customers), **Open** (we share information early and honestly), and **Curious** (we run small experiments before large bets).

Company milestones

Year	Milestone
2017	Company founded in Pune; first customer, Sahyadri Fruit Growers Cooperative
2019	Seed round of USD 2.4 million led by Greenfield Ventures
2020	Launch of the first version of HarvestLink
2022	Series A of USD 18 million; opening of the Rotterdam office
2023	Crossed 1,000 customer accounts; ISO 27001 certification obtained
2024	Launch of FrostWatch sensors; opening of the Nairobi office
2025	Annual revenue reached USD 61 million; Austin office opened

The company is privately held. Its fiscal year runs from 1 April to 31 March. All-hands meetings are held on the first Thursday of every month at 15:00 IST and are recorded for colleagues in other time zones.

2. Leadership and Organization

The executive team meets every Monday at 09:30 IST. Each executive owns one of the company's five functions.

Role	Name	Based in
Chief Executive Officer	Meera Kulkarni	Pune
Chief Technology Officer	Daniel Okafor	Rotterdam
Chief Financial Officer	Rajiv Menon	Pune
Chief Product Officer	Sofia Lindqvist	Austin
Chief People Officer	Amara Njoroge	Nairobi
General Counsel	Hiroshi Tanaka	Rotterdam

Departments and headcount

Department	Head	Headcount
Engineering	Priya Venkataraman	186
Product and Design	Lucas Fernandez	48
Sales and Partnerships	Elena Petrova	61
Customer Success and Support	Tendai Moyo	73
Operations and Finance	Naomi Brandt	28
People and Culture	Amara Njoroge	16

Reporting lines are intentionally shallow: no employee is more than four levels from the CEO. Teams are organized into squads of five to nine people, each with a squad lead who is a working member of the team rather than a full-time manager.

The Board of Directors has five members: the two founders, Karen Whitfield (independent chair), Arjun Deshpande (Greenfield Ventures), and Linnea Berg (Series A investor representative). The Board meets quarterly, in the weeks following 15 January, 15 April, 15 July and 15 October.

3. Products

Nimbus Orchard sells three products that can be bought separately or together as the Orchard Suite.

HarvestLink

HarvestLink is the flagship web and mobile platform for recording harvests, grading produce and generating batch certificates. Each batch receives a unique 14-character code beginning with the letters "HL". The mobile app works offline and syncs automatically; it can store up to 5,000 unsynced records on a device. HarvestLink supports 11 languages, including Hindi, Marathi, Swahili, Dutch and Spanish. The current release is version 7.3, shipped on 9 February 2026.

FrostWatch

FrostWatch is a set of low-power field sensors that measure temperature, humidity and soil moisture. A standard sensor reports every 10 minutes and has a battery life of 26 months. Sensors communicate over LoRaWAN and have a range of up to 8 kilometers in open terrain. When the temperature falls below a grower's configured threshold, FrostWatch sends an alert by SMS, push notification and email within 90 seconds. The sensor housing is rated IP67.

RouteMango

RouteMango is a logistics optimizer that plans delivery routes from farms to packing houses and retailers. It was released in September 2024 and is named after the first customer pilot, a mango exporter in Ratnagiri. RouteMango reduces average empty-return mileage by 17 percent according to the company's 2025 customer study of 64 fleets. It integrates with HarvestLink so that batch codes follow produce across the whole route.

Orchard Suite

The Orchard Suite bundles all three products with a shared dashboard called Canopy. Canopy offers a single sign-on, one invoice, and a unified traceability report that can be exported as PDF or CSV.

4. Pricing and Plans

All prices are in US dollars and exclude applicable taxes. Annual billing receives a discount of 15 percent compared with monthly billing. Prices were last updated on 1 January 2026.

Plan	Price per month	Included users	Key limits
Sprout	\$49	3	1 farm site, 2,000 batches per year, email support
Grove	\$249	15	10 farm sites, 25,000 batches per year, chat support
Orchard Suite	\$890	50	Unlimited sites, all three products, 24x7 support
Enterprise	Custom	Unlimited	Dedicated environment, custom integrations, named success manager

Add-ons

Add-on	Price
Extra FrostWatch sensor	\$38 one-time plus \$2 per month connectivity
Additional user (Grove plan)	\$9 per user per month
Premium onboarding	\$1,500 one-time, includes 12 hours of live training
Data export service	\$300 per request

Discounts and trials

Every plan includes a free 21-day trial with no payment card required. Registered non-profit organizations and agricultural universities receive a 30 percent discount on all plans. Customers who refer a new paying account receive one free month, up to a maximum of six free months per year.

Refunds are available within 30 days of the first annual payment. Monthly payments are not refundable once the billing period has started. Discount approvals above 25 percent require sign-off from Elena Petrova, head of Sales and Partnerships.

5. Leave and Holiday Policy

This policy applies to all full-time employees. Part-time employees receive leave in proportion to their contracted hours.

Leave type	Entitlement	Notes
Annual leave	24 days per year	Accrues monthly; up to 8 unused days carry over to the next year
Sick leave	12 days per year	A medical certificate is required after 3 consecutive days
Parental leave (primary caregiver)	20 weeks fully paid	May be taken within 12 months of birth or adoption
Parental leave (secondary caregiver)	6 weeks fully paid	Can be split into two blocks
Bereavement leave	7 days	For immediate family; 3 days for extended family
Study leave	5 days per year	For approved exams or courses
Volunteering	2 days per year	For registered charities

Company holidays

The company observes 14 holidays each year, plus a company-wide shutdown between 25 December and 1 January. In addition, every employee receives **Orchard Day**, a paid day off on the second Friday of October, which commemorates the anniversary of the first harvest recorded in the product.

Requesting leave

Leave is requested in the people portal, called Petal. Requests of up to 3 days need approval from the squad lead; requests longer than 3 days also need approval from the department head. Requests should be submitted at least 14 days in advance for leave longer than 5 days. Sick leave should be reported to the squad lead before 10:00 local time on the first day of absence.

6. Remote Work and Equipment

Nimbus Orchard follows a hybrid model. Employees are expected to be in the office on **Tuesdays and Wednesdays**, the company's core collaboration days. The remaining days may be worked from home or from another approved location.

Working from abroad

Employees may work from another country for up to 30 calendar days per year, provided the request is approved by their department head at least 30 days in advance. Longer stays have tax and legal implications and require approval from General Counsel Hiroshi Tanaka. Working from sanctioned countries is not permitted.

Equipment and allowances

Item	Allowance	Refresh cycle
Laptop	Standard: 14-inch ultrabook; Engineering: 16-inch workstation	Every 36 months
Monitor	One 27-inch display for home use	Every 60 months
Home office stipend	One-time \$400 for desk, chair or lighting	On joining
Internet reimbursement	Up to \$35 per month	Monthly
Mobile phone	Reimbursement up to \$20 per month if used for work	Monthly

Core hours

Meetings should be scheduled between 10:00 and 16:00 in the time zone of the majority of participants. No meetings are scheduled on Friday afternoons, which are reserved for focused work. Employees are not expected to answer messages outside working hours, except those on the on-call rota.

Equipment must be returned within 10 working days of leaving the company. Lost or stolen devices must be reported to the IT help desk within 24 hours.

7. Expenses and Travel

Employees are reimbursed for reasonable expenses incurred while performing company business. Expenses are submitted through the Petal portal within 30 days of being incurred. Claims submitted later than 60 days will not be reimbursed.

Daily limits

Category	Limit
Meals while traveling (breakfast, lunch, dinner combined)	\$55 per day in Tier 1 cities; \$38 per day elsewhere
Hotel	\$180 per night in Tier 1 cities; \$120 per night elsewhere
Ground transport	Public transit or standard taxi; rental cars need prior approval
Client entertainment	\$75 per person, with approval from the department head

Tier 1 cities are Amsterdam, Austin, London, New York, San Francisco, Singapore and Tokyo.

Flights

Economy class is standard for all flights. Flights longer than 8 hours may be booked in premium economy. Business class is permitted only for flights over 10 hours with approval from a C-level executive. Flights should be booked at least 21 days in advance through the company's travel partner, Wayfarer Corporate.

Approvals

Amount	Approver
Up to \$250	Squad lead
\$251 to \$2,000	Department head
\$2,001 to \$10,000	Chief Financial Officer (Rajiv Menon)
Above \$10,000	CEO and CFO jointly

Personal expenses, fines, alcohol beyond one drink with a client meal, and travel upgrades paid for with personal loyalty points are not reimbursable.

8. Information Security

Security is everyone's responsibility. Nimbus Orchard holds ISO 27001 certification, first obtained in November 2023 and renewed in November 2025, and completes a SOC 2 Type II audit every year.

Passwords and access

All employees must use the company password manager, Vaultnest. Passwords for company systems must be at least 16 characters long. Multi-factor authentication is mandatory for every system; hardware security keys are issued to all engineers and executives. Access rights follow the principle of least privilege and are reviewed every quarter. Access for departing employees is removed within 2 hours of their last working day ending.

Data classification

Level	Description	Example
Public	Approved for anyone	Marketing website
Internal	For employees only	Org charts, this handbook
Confidential	Limited groups; encryption required	Customer contracts, pricing models
Restricted	Named individuals only	Encryption keys, personal data of growers

Reporting incidents

Suspected incidents, including phishing emails, must be reported within 1 hour to security@nimbusorchard.example or by calling the security hotline on extension 7777. The Security team, led by Ingrid Halvorsen, classifies each incident as Low, Medium, High or Critical. Critical incidents trigger the incident response plan, and the executive team must be informed within 4 hours. Customers are notified of any confirmed breach affecting their data within 72 hours.

Mandatory security training takes 90 minutes and is completed by every employee within 30 days of joining, and again every 12 months. Phishing simulations are run quarterly; employees who fail two in a row receive additional coaching.

9. Customer Support and Service Levels

The Customer Success and Support department, led by Tendai Moyo, serves customers from three regional hubs: Pune (Asia-Pacific), Rotterdam (Europe and Middle East) and Nairobi (Africa). Together they provide follow-the-sun coverage for Orchard Suite and Enterprise customers.

Support hours

Plan	Channels	Hours
Sprout	Email	Monday to Friday, 09:00 to 18:00 in the customer's regional hub
Grove	Email and live chat	Monday to Friday, 08:00 to 20:00 in the customer's regional hub
Orchard Suite	Email, chat and phone	24 hours a day, 7 days a week
Enterprise	All channels plus named manager	24 hours a day, 7 days a week

Priority levels and response targets

Priority	Definition	First response	Target resolution
P1 - Critical	Service unavailable or data loss	15 minutes	4 hours
P2 - High	Major feature impaired, no workaround	1 hour	1 business day
P3 - Medium	Partial impairment, workaround exists	4 hours	3 business days
P4 - Low	Question or minor issue	1 business day	7 business days

The platform uptime commitment is 99.9 percent per calendar month for Grove and above, and 99.95 percent for Enterprise. If monthly uptime falls below the commitment, customers receive a service credit of 10 percent of that month's fee for each 0.1 percent shortfall, capped at 50 percent.

Support satisfaction is measured with a survey after each closed ticket. The 2025 average score was 4.6 out of 5, and the department's internal target for 2026 is 4.7. Status updates for incidents are published at status.nimbusorchard.example.

10. Offices, Contacts and Glossary

Offices

Office	Address	Headcount	Opened
Pune (headquarters)	Level 6, Kestrel Park, Baner Road, Pune 411045	176	2017
Rotterdam	Wilhelminakade 91, 3072 AP Rotterdam	94	2022
Nairobi	4th Floor, Riverside Terrace, Nairobi	83	2024
Austin	1200 Congress Avenue, Suite 340, Austin, TX	59	2025

Internal contacts

Need	Contact
IT help desk	helpdesk@nimbusorchard.example, extension 2100
Payroll questions	payroll@nimbusorchard.example
People and Culture	people@nimbusorchard.example
Security incidents	security@nimbusorchard.example, extension 7777
Ethics hotline (anonymous)	+31 20 555 0142, available 24 hours

Glossary

Term	Meaning
Canopy	Shared dashboard of the Orchard Suite
Petal	Internal people portal for leave and expenses
Vaultnest	Company password manager
Squad	Cross-functional team of five to nine people
Orchard Day	Paid company day off on the second Friday of October
Batch code	14-character identifier of a harvest batch, starting with HL

This handbook is maintained by People and Culture. Questions about its content should be sent to people@nimbusorchard.example. Edition 4.2 supersedes all previous editions.
